Biodiversity, Agriculture and Culture of Taiwan Summer Program

2012/06/24 – 07/21

Explore Taiwan's exceptional Biodiversity, Agriculture and Culture
+ Take university courses on the Biodiversity and Agriculture of Taiwan, an attractive blend of well-preserved Chinese heritage and cosmopolitan influences

Straddling northeast and southeast Asia at a point where Asia meets the Pacific, Taiwan has captured the interest of biodiversity researchers and nature lovers. The island is home to an abundance of tropical plants, animals and birds, some of which found to be in nowhere else on the earth. Two thirds of Taiwan are covered with natural forests, and more than 200 peaks rise above 10,000 ft (3,000 m). NTU's Summer+ "Plus Three" program is held by the College of Bioresources and Agriculture. It combines Biodiversity & Agriculture exploration with thought-provoking Exploring Taiwan academic courses conducted by experienced university professors. Taught in English, the Exploring Taiwan courses help you to gain a deeper understanding of Taiwan's fauna, flora, agriculture, and cultural heritage and aim to provide a broad, well-rounded summer experience.

- ✓ Get to know Taiwan's biodiversity, agriculture and culture
- ✓ Explore natural sites from coast to mountains up to 10,500 ft (3,200 m) high
- ✓ Visit the National Palace Museum, animal rescue center, intertidal zone, coastal cliff, and aboriginal tribe

The National Palace Museum is one the largest museums in the world. It encompasses over 8,000 years of Chinese history. Most of the collections are high quality pieces collected by China's emperors.

Credits

A transcript of 4 credits will be offered; credit recognition by your home university is required.

Housing

NTU Dorm on the campus and accommodations outside Taipei during the field trip.

Who Can Apply

Any students can apply for the BACT Program but assessment of the student's application is required once she or he submits the document to the Center for International Agricultural Education & Academic Exchanges. Students from partner universities should submit their application via the study abroad program office of their university.

All-Inclusive Fee

The program fee covers course materials, airport transportation, orientation, program T-shirt and bag, the accommodation, two thirds of meals, travel expenses and travel insurance

Fees	International students from non-partner University	International students from non-partner University (before 15 March)	International students from partner University	International students from partner University (before 15 February)
Application Fee (non-refundable)	US\$100		Waived	
Program Fees	US\$2500	US\$2200	US\$2200	US\$2000
Total	US\$2600	US\$2300	US\$2200	US\$2000
