**Work in one of
the most exciting
places in the world.
Work in China.**

WHO.

TIC TWO offer the most comprehensive Business, Culture & Language and Career Development internship programs available for students and graduates alike, who want to kick-start their careers in one of the most exciting and dynamic cities in the world.

By being a small company it means our experienced, senior management get involved from interviewing candidates to organising the placement while actively managing the program to ensure everything we do is of high calibre.

Like our candidates, all of our placement companies are vetted to ensure they are able to provide a truly meaningful work experience. This means that, on occasions, we have to walk away from some of the world's largest firms, as we believe it's what's written underneath the company name on your CV that counts - not the brand name!

We help to ensure that the time spent in China is not simply an internship, but is instead an experience that will become an invaluable worth that future employers will look upon favourably.

“Having spent two months in Shanghai, I cannot recommend doing an internship here enough! Between working at a market leader and exploring the city, the experience TICTWO has allowed me to have has been absolutely amazing. Coming through TICTWO means you will have everything you need and friends to do it all with! Want international experience whilst having the time of your life? All you need to say is 'Yes, please!'”
