TECNUN Winter Program

TECNUN is glad to offer to its university partners a winter program for international students. This program includes Spanish language and culture, short seminars about Engineering and Business, and a great social and leisure program.

Course schedule

First 2-week courses in Pamplona and next 2-week courses in San Sebastian. Lectures mainly taught in the morning, 4h/day.

Credits

The students will be awarded with a certificate to get Credits.

Social & Leisure Program

Activities are offered during the Winter program.

- Surfing & Sailing
- Skiing
- Basque gastronomy
- Weekend at Barcelona
- Company visits
- Museums and Cultural visits
