

Researching teaching and learning

What we will explore

- **Your own research interests**
- **Emerging ideas/approaches to researching learning and teaching in HE**
- **What support we need to progress our research**

Considering your own research

- How did you get started with research – what tweaked your interest?
- Where you are now – what are you currently doing?
- Where would you like to go with your research?

Resources

- **HERDSA**
